Herd immunity in a network

Jens Kinch, Nikolai Plambech Nielsen & Mads Ehrhorn 28th of July 2017

Niels Bohr Institute University of Copenhagen

Introduction

Herd immunity Disease types Networks

Code

How did we (Nikolai) code the shit outta this motherfucker?

Herd immunity

- R₀: 'basic reproduction number'
 Avg. no. of people infected pr. person
- p_c : critical proportion of pop. immunized $p_c = 1 1/R_0$
- · Herd immunity passively protects whole population

Networks

The types of networks we be bitchin' up.

I love you. And I miss you.

Walkthrough of random, small world, scale free and custom networks.

The simulations

How we simul'ed.

Results
